

**AGENDA
CITY OF CHARLEVOIX**

**SPECIAL CITY COUNCIL WORK SESSION
Monday, January 4, 2016 – 5:00 p.m.**

210 State Street, City Hall, 2nd Floor Council Chambers, Charlevoix, MI

- I. INNOVATION (Pledge of Allegiance)
- II. ROLL CALL OF MEMBERS PRESENT
- III. INQUIRY REGARDING POSSIBLE CONFLICTS OF INTEREST
- VI. GENERAL BUSINESS
 - A. Review of Proposed 2016 - 17 City Budget
- V. ADJOURN

**Council Members - Please bring your budget documents with you to the meeting.
A light meal will be served**

The City of Charlevoix will provide necessary reasonable auxiliary aids and services, such as signers for the hearing impaired and audio tapes of printed materials being considered at the meeting, to individuals with disabilities at the meeting upon one weeks notice to the City of Charlevoix. Individuals with disabilities requiring auxiliary aids or services should contact the City of Charlevoix Clerk's Office in writing or calling the following: City Clerk, 210 State Street, Charlevoix, MI 49720 (231) 547-3250

December 30, 2016 10:00 a.m.

CITY OF CHARLEVOIX

210 STATE ST. CHARLEVOIX, MICH. 49720

231-547-3270 mgr@cityofcharlevoix.org

Memo

To: The Honorable Mayor Campbell and the Charlevoix City Council
From: Mark L. Heydlauff, City Manager
Subject: January 4th Budget Work Session
Date: December 31, 2015

You will see enclosed with this memo two drafts we will review during your Work Session on Monday evening. First is a revised draft budget. This is a slightly updated version of the draft you received at your meeting on December 21. It represents minor updates of staff assumptions and recommendations for the coming budget year. During the meeting Monday, please refer to this draft so that we are all "on the same page." You will also find enclosed a draft Fee Schedule for 2016/2017.

Budget Comments

As I indicated to you in a memo you received with the last budget draft, the General Fund does project using just over \$210,000 in fund balance lowering our fund balance to around 28% of annual expenditures. This would still be a very healthy fund balance and this deficit can largely be attributed to significant, one-time investments- largely for recreational assets (golf course and tennis courts). Furthermore, this budget does NOT assume any increase in tax revenue. It is still early in the process to know what the taxable value will be for 2016 but we have assumed no increase. If we see taxable values increase in the coming year like they did this past year, we could anticipate another \$100,000 in tax revenue thus cutting this deficit in half.

Other changes proposed in the General Fund include making full-time a part-time position in the Economic Development and Planning Department. This position will assist with planning, zoning, and largely oversee our GIS system. The GIS system will be gaining more data as we move forward with the SAW Grant in the Wastewater Department. Portions of the Economic Development and Planning Department budget are paid by our utility funds. The HR Assistant wages had been charged entirely to the City Manager budget. Those wages are now spread across our funds including the airport and the utility funds to recognize the work that position performs across our City

departments; the City Manager wages had always been spread using the same formula.

Similarly, the Downtown Development Authority assumes no tax revenue increase in its budget and it currently projects a small use of fund balance to cover expenses; keep in mind, the DDA Fund has over \$700,000 in fund reserves. As I explained in my Manager's Report, it is likely the bond payments will decrease at some point this year if we pursue refunding. This reduction in interest will either be realized immediately in the form of a lower payment or realized over the life of loan by paying principal faster and reducing the overall cost of borrowing. This determination will depend on the amortization plan we select in the months ahead.

A new fund has been added to account for the principal payment and interest of our anticipated Infrastructure Bond sale this spring. We have budgeted for the repayment of these bonds from both the Infrastructure Millage and our portion of the Charlevoix County Road Millage. The revenue from these bonds will be placed into Public Infrastructure Fund #6.

Our Street Funds remain adequately funded and will continue to perform routine maintenance while our Infrastructure Bonds will pay for the full rebuild of several streets. Improving the quality of the streets will slightly lower the annual maintenance costs going forward. While not yet included in the budget, we are getting an estimate on updating a retaining wall on Eaton Avenue akin to the retaining wall placed on State Street.

The Airport Fund is showing some financial improvements and is scheduled to make a \$25,000 loan payment to the Electric Fund this year. The only General Fund support for the Airport will be a lease payment for the ballfields on Carpenter Avenue. We anticipate the findings of our Airport audit and financial analysis might yield additional insights on financial improvements and efficiency gains we might make.

The many Public Improvement Funds we have will generally be unchanged during this year. No major replacements are projected. In the DPW Building Fund, I am budgeting up to \$75,000 for consulting and engineering work to study options and potential designs for a new, joint DPW and Electric Department facility. One of the items a consultant could review would be which sites would be well-suited for this work. The Electric Fund is purchasing a new pole truck (already approved by Council) and we will be bringing a presentation later this year for a new trencher anticipated to cost \$180,000.

Our Electric and Sewer Funds are projected to remain healthy for the coming year. The Sewer Fund will begin making bond payments for the updates taking place at the Waste Water Treatment Plant. It is important for the Electric Fund to continue keeping rates and expenses balanced.

The Water Fund, however, remains very weak. Maintenance items at the Water Plant are being deferred because revenue will not support the expense and reserves are at the Charter-obligated minimum. With the age of the water system, reserves needed to be higher so that when the system began to fail (as occurred over the past two winters) repairs could be funded. We are working with UFS, our utility rate consultant, on what rates will be appropriate going forward. Currently, a 5% water rate increase is projected. Additionally, the Water Fund owes \$400,000 to the DPW Site Fund as a loan to cover the cost of water infrastructure repairs from this past winter. No repayment schedule has yet been made for this loan since the Water Fund is critically low on reserves.

The Employee Fringe Benefit Fund is improving due to changes we negotiated with the CWA and changes made to the non-union employee health benefits.

Fee Schedule

Largely the fee schedule remains unchanged. Ambulance rates, Airport fees, and most Parks and Recreation fees are recommended to stay the same. Parking fees would remain the same except Chief Doan and I recommend changing the parking spaces by the marina. This past year, Council authorized 19 spaces be leased for the summer for \$500 per space; only 14 spaces were leased. In the 2016/2017 budget, we propose leasing up to 10 spaces at \$750 per space. This will increase the number of transient spaces available for visitors to the downtown; this is a concern I have heard from several businesses in that area.

The fees for FOIA are being modified to reflect the FOIA Policy adopted in July. We are removing the IFT Tax Reduction Application fee since this is no longer permitted by state law. Several other fees are being removed because they are not used or are overly cumbersome.

You will see we have modified how we present the Recreation Rates to show the agreement we made with Charlevoix Township to give their residents the same rates on services and activities at Mt. McSauba. Some programs we no longer offer will have their rates removed from the schedule.

We do recommend utility rates rise according to the projections and schedules agreed to in bond issuances. Most notably sewer rates will again rise by 24.5% as stipulated in the bond agreement funding the Wastewater Treatment Plant. As I mentioned before, water rates are recommended to increase by 5% and electric rates should rise slightly.

Marina rates are shown with no change compared with 2015/2016 though I know Council had some discussion about wishing to raise those rates. The Marina season is scheduled to run from May 15 through October 11 (end of Apple Fest). Seasonal slips are charged based on the size of the boat and the length of the season. Harbormaster Hal Evans recommends the current rates which are the same as Mackinac Island though the decision on rates is ultimately Council's insofar as you comply with the rate schedules approved by the Michigan Waterways Commission.

Process

At Monday's Work Session, Treasurer McGinn and I will walk you through the different funds at rates with an overview. If you have questions, please ask them then. Any direction you give on changes will be updated by staff after the meeting. We will then finalize the draft and I will submit to you my proposed budget later in January as obligated by the City Charter. It is not impossible to make changes later but this work session is an important and the best time to look at modifications to the budget.

The philosophy I use when bringing budget recommendations to you is rather conservative. I try to assume revenue will not increase significantly and include the high-side of estimates for expenses. We strive to estimate all things as accurately as possible. Just because an expense is budgeted does not mean we will spend the entire amount. Decisions throughout the year are made using good judgment and assessment of need rather than available funds.

As always, I am happy to discuss questions you may have about the budget at any time.
