6. Public Hearings & Actions Requiring Public Hearings

A. Public Hearing and Establish a Commercial Redevelopment District

City Manager Heydlauff presented the Commercial Redevelopment District proposal which is similar to an Industrial Development District in that it provides an avenue for a business to apply for tax abatement on new investment within the district. He requested Council approve the Charlevoix Main Street Commercial Redevelopment District No. 1 (CRD) mirroring the boundaries of the Main Street District (a subset of the DDA.) He stated that the CRD has no connection to the DDA and does not change how the DDA operates.

City Manager Heydlauff explained that upon Council's approval, notice must then be given to other taxing entities after which businesses within the district may apply to Council for tax abatement in accordance with the Commercial Facilities Exemption Certificate Policy. He explained the point system of the proposed Policy. The Policy would take into account the jobs created by a project, the investment made in the project, and some important factors identified by our Main Street Program as ways to earn points toward the number of years the tax is abated. He noted that granting tax abatement would not affect current tax revenue. City Manager Heydlauff felt that establishing a CRD would be a great tool in our tool chest toward recruiting new businesses in the downtown and helping existing businesses expand.

He stated that in accordance with Public Act 255 of 1978 all property owners within the proposed CRD were noticed via certified mail as well as a public hearing is being held at this meeting. City Manager Heydlauff noted that most properties within the district are commercial and residential properties are not eligible. There is however, incentive to redevelopment properties as mixed-use.

Councilmember Gibson commented that she liked the idea of rehabilitating commercial property.

City Manager Heydlauff indicated that CRDs are not widely used in Northern Michigan and cited Gaylord as being one community that is involved. He recommended that Council approve the district and policy.

Mayor Campbell opened the item to public comment at 7:26 p.m.

Gordon Flynn, Edgewater Inn resident, stated that his property is residential and questioned what cost would be incurred to residential properties with the approval of the CRD. City Manager Heydlauff clarified that it will not cost anything and it will not change the use of Mr. Flynn's condo. He reiterated that the CRD is an incentive for commercial property owners to apply for tax abatement if they invest in a business property.

Vel Kammerman, CSD property owner, questioned what was eligible for abatement. City Manager Heydlauff read aloud the definition of "restored facility" from the *Commercial Redevelopment Act* provided by the Michigan Economic Development Corporation. In summary, any "changes to obsolete commercial property as may be required to restore the property to economically efficient condition" would be eligible.

John Haggard, downtown property owner, questioned whether adding additional stories to his buildings would qualify for abatement and City Manager Heydlauff responded affirmatively.

The item was closed to the public at 7:32 p.m.

City Manager Heydlauff confirmed that it would be prudent to promote the CRD to spur downtown economic development.

7. All Other Actions & Requests

A. Transfer Liquor License Application: Townhouse Bar of Charlevoix, LLC

City Manager Heydlauff stated that Townhouse Bar has changed hands and the new owners are seeking support from City Council to obtain a Conditional Transfer License located at 231 Bridge Street. Pursuant to Michigan Liquor Control Commission regulations and the City Code, transfer liquor licenses require approval from the City Council. He noted that Charlevoix is the only local community still requiring City approval for a transfer liquor license.

Kirk Ikens, Townhouse Bar owner, commented that the Townhouse Bar was owned by the Weislik family for 55 years and the bar is the second oldest business downtown. He noted that the bar is a community gathering point and deserves recognition.

Councilmember Gibson suggested that Title VII, Chapter 77 of the Code Book should be amended to remove the requirement for Council approval of transfer liquor licenses. City Manager Heydlauff responded that he would have the City Attorney draft the language to make this change and present for Council's approval. Council consented.

Mayor Campbell opened the item to public comment. There was no comment, and the item was closed.

B. Biosolids Application Contract

City Manager Heydlauff stated that the contract with Biotech Agronomics for biosolids hauling and land application expired in April 2016. He explained that biosolids are the remaining solids from the wastewater treatment plant that cannot be discharged. We advertised for this work and on September 28th opened three sealed bids. City Manager Heydlauff said that after calculating total cost for a three year contract, Biotech Agronomics was the low bidder by a very small margin. He noted that the City has worked with Biotech since 2003.

Mayor Campbell opened the item to public comment. There was no comment, and the item was closed.

Motion by Councilmember Kurtz, second by Councilmember Gibson, to award the Biosolids Hauling and Land Application contract to Biotech Agronomics for 2016, 2017, and 2018 per their proposal pricing.

8. Reports & Communications

A. Public Comments

Grace Ochs, Charlevoix High School student, discussed the proposed downtown ice rink and the support she has fostered from her peers. She suggested that the rink would give youth a local attraction in the winter and generate commerce for downtown businesses which may incentivize shop owners to stay open longer in the winter. Miss Ochs requested that Council consider this proposal. City Manager Heydlauff commented that the DDA Board reviewed the ice rink concept but did not move forward. He suggested that the Main Street Design Committee could revisit this topic and Council agreed. Discussion continued regarding the support of a possible rink.

McKenna Ebert and Kelsey Swanson, Charlevoix High School students, discussed the potential of legally jumping into the water from the Lighthouse pier. Miss Ebert noted that numerous people jump from the Petoskey breakwall and her group of friends travel there to enjoy this activity. She suggested that increased safety precautions could be taken at the pier and requested Council consider this proposal to make it "a fun, memorable experience in Charlevoix." Mayor Campbell noted that currently jumping from any place on the pier is illegal due to the amount of commercial/pleasure boat traffic, the dangerous currents and no lifeguards on

duty. He suggested that it would be safer to reopen the pier at Ferry Beach now that the water levels are high again. At the direction of Council, City Manager Heydlauff agreed to discuss particulars with his counterpart in Petoskey and the possibility of reopening the Ferry Beach pier.

Maureen LaBlance, recalled that kids dove from the Ferry Beach pier in the past and had fun. She noted that kids didn't have anywhere to jump in the deep water now and she would also like to see lifeguards at the beaches. Council discussed the lack of candidates applying for the lifeguard positions offered by the City.

B. City Manager Comments

City Manager Heydlauff thanked all those involved who made this year a record Apple Fest noting that the Mayor relit the downtown tree lights on Friday evening to kick off the festival.

He stated that on November 28th, Lindsey Dotson will be joining the City as the new DDA/Main Street Director. Ms. Dotson was involved with Main Street in Wayne and Howell and has a background in historic preservation.

City Manager Heydlauff discussed the letter of opinion he received from the City Attorney explaining how Council will be required to approve conservation easement language for Mt. McSauba and Michigan Beach Park if the ballot initiative passes.

C. Mayor & Council Comments

Mayor Campbell commented that the lights make the City look beautiful.

City Manager Heydlauff explained how Worker's Compensation premium rates were calculated for Councilmember Supernaw.

Councilmember Supernaw noted that the Challenger propeller is sinking into the ground.

9. Other Council Business

None.

AGENDA ITEM TITLE: Water Treatment Plant Roof

DATE: November 7, 2016

PRESENTED BY: Mark L. Heydlauff, City Manager

ATTACHMENTS: Bid from Bloxsom Roofing

BACKGROUND INFORMATION:

The roof of the lab building at the Water Treatment Plant is leaking. In the past, City staff has repaired it but after recent review of the roof structure, it is beyond our abilities to repair it fully.

Last year, we received bids to repair the Water Treatment Plant's high service building and Bloxsom of Traverse City was the low bidder. They repaired the ballasted roof on the high service building this fall and did a great job. Bloxsom has also done work for the Munson Healthcare Charlevoix Hospital. Our engineers Prein&Newhof have also recommend that the ballasted roof be repaired. This repair is included in the current year's budget and we recommend adding the insulation option noted on the bid for a total of \$32,370.

We also obtained a bid from Mikalan Roofing of Zeeland, Michigan for \$49,830.

RECOMMENDATION:

Motion to award a contract to Bloxsom Roofing in the amount of \$32,370.00 to repair the Water Treatment Plant Lab Building roof.

AGENDA ITEM TITLE: Request MDOT Study Improvements to the Storm Sewer/Curbs on US 31 Resolution

DATE: November 7, 2016

PRESENTED BY: Mark L. Heydlauff, City Manager

ATTACHMENTS: Resolution #2016-11-02 Draft

BACKGROUND INFORMATION:

With the improvements we have made to several streets along US 31, the difference between the new curbs we have installed and the older curbs along the highway has become quite noticeable. After several heavy rains, there were short-term floods at several intersections and lawns behind them often washed out or held water for a significant period of time. Beyond the safety concerns this poses, excess water was among the issues affecting this year's petunia planting.

The drafted resolution simply asks MDOT to consider the issue and look for possible ways of improving the situation.

RECOMMENDATION:

Motion to approve Resolution #2016-11-02 and urge the Michigan Department of Transportation to find ways to improve the drainage and curbs on US 31.

CITY OF CHARLEVOIX
RESOLUTION NO. 2016-11-02
A RESOLUTION URGING THE MICHIGAN DEPARTMENT OF TRANSPORTATION TO STUDY APPROPRIATE
IMPROVEMENTS TO THE CURBS AND STORM SEWER SYSTEMS ON US HIGHWAY 31

WHEREAS, the City of Charlevoix prides itself on its beauty and as a welcoming place to those visiting and living in our community; and

WHEREAS, frequent heavy rains and snow show the inadequacy of storm sewer and drainage systems under US 31 in Charlevoix; and

WHEREAS, traffic on US 31 can occasionally be impeded because standing water makes it difficult and dangerous for motorists, cyclists, and pedestrians to move maneuver on the highway.

NOW THEREFORE BE IT RESOLVED, that the City of Charlevoix respectfully requests the Michigan Department of Transportation to study the conditions of US Highway 31 in Charlevoix and find ways to improve the highway, especially drainage and curbing.

RESOLVED this 7th day of November, 2016 A.D.
