Airport Manager Myer indicated that a letter will be sent to pilots explaining the policy. "The established voluntary quiet hours will be 11:00 p.m. to 7:00 a.m. daily and during these times, pilots and operators are encouraged to limit their flights so that people in the neighboring community are not disturbed during sleeping hours." She stated that a complaint process will be implemented as well.

1. Each party to this Agreement shall remain responsible for any claims arising out of their own acts and/or omissions during the performance of this Agreement, as provided by law. This Agreement is not intended to increase either party's liability for, or immunity from, tort claims, nor shall it be interpreted, as giving either party hereto a right of indemnification, either by Agreement or at law, for claims arising out of the performance of this Agreement.

2. If any of the work performed for the GOVERNMENTAL AGENCY is performed by a contractor, the GOVERNMENTAL AGENCY shall require its contractor to hold harmless, indemnify and defend in litigation, the State of Michigan, the DEPARTMENT and their agents and employee's, against any claims for damages to public or private property and for injuries to person arising out of the performance of the work, except for claims that result from the sole negligence or willful acts of the DEPARTMENT, until the contractor achieves final acceptance of the GOVERNMENTAL AGENCY. In the event that the same occurs, for the purposes of the PERMIT, it will be considered as a breach of the PERMIT thereby giving the State of Michigan, the DEPARTMENT, and/or the Michigan Transportation Commission a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.

7. The incorporation by the DEPARTMENT of this resolution as part of a PERMIT does not prevent the DEPARTMENT from requiring additional performance security or insurance before issuance of a PERMIT.

8. This resolution shall continue in force from this date until cancelled by the GOVERNMENTAL AGENCY or the DEPARTMENT with no less than thirty (30) days prior written notice provided to the other party. It will not be cancelled or otherwise terminated by the GOVERNMENTAL AGENCY with regard to any PERMIT which has already been issued or activity which has already been undertaken.

Staff and the Planning Commission have followed the requirements of the Michigan Planning Enabling Act to create this Plan and up to this point have only received comment from the Charlevoix County Planning Commission. Their comments pertained to future plans for two parcels the County owns on Antrim Street, and addressing transportation to Beaver Island, both of which have been taken into account in the recommended version of the Master Plan.

Council may make any changes to the Master Plan, however if those changes are considered substantial or substantive the plan must go back to the Planning Commission for review and another public hearing. Once adopted, the contents of the plan including text, maps, pictures, graphs, etc will be put into a consistent format, published, printed and distributed to Council, the Planning Commission, the library, and surrounding jurisdictions. The Plan will also be available on the City website.

CHARLEVOIX CITY COUNCIL

AGENDA ITEM

AGENDA ITEM TITLE: Hayes Township EMS Expansion Agreement
DATE: December 19, 2016
PRESENTED BY: Gerard Doan, Police and Fire Chief
ATTACHMENTS: Addendum to Agreement for Ambulance Services

BACKGROUND INFORMATION:

In recent months, there has been discussion between the City of Charlevoix and Hayes Township about the City providing Ambulance Services for the Township in its entirety. Presently there are six sections in Hayes Township that are covered by Emmet Ambulance Service. Hayes Township has requested the City of Charlevoix provide Ambulance Services to the Township in its entirety. There will be an additional cost to the Township for the additional sections and small refunds to the other townships, pursuant to our agreement.

The Ambulance Service costs are determined by a four-part formula that was created to pay for unfunded EMS costs. These categories consist of the City and townships' individual total taxable value, total population, 911 addresses, and total number of ambulance runs for the year. Ambulance runs to Charlevoix Area Hospital and Boulder Park Terrace are split evenly by the six government agencies involved.

The included addendum would amend our agreement with Hayes Township effective January 1, 2017. City Attorney Scott Howard has reviewed the proposal and is supportive of the proposal. We appreciate our on-going partnership with Hayes Township and the other townships with whom we work.

RECOMMENDATION:

Motion to approve the Addendum to the Agreement for Ambulance Services for Hayes Township.

ADDENDUM TO AGREEMENT FOR AMBULANCE SERVICES

This Addendum is agreed to between the City of Charlevoix, a Michigan home rule city, whose address is 210 State Street, Charlevoix, Michigan 49720 (City); and Hayes Township, a Michigan general law township, whose address is 09195 Old US-31 N., Charlevoix, Michigan 49720.

Recitals

- A. The City and Hayes Township have entered into an Agreement for Ambulance Services, along with other neighboring townships, dated June 1, 2015.
- B. That Agreement provides that the City shall provide ambulance services to "Hayes Township, except Sections 1, 2, 11, 12, 13 and 14."
- C. Hayes Township desires to have the City provide ambulance services in the entirety of Hayes Township for the remaining term of the Agreement, and the City has agreed to provide services to the entirety of Hayes Township.

Agreement

Now, therefore, in consideration of the mutual promises contained in this Addendum and in the original Agreement, the parties agree as follows:

- 1. The City shall provide services to the entirety of Hayes Township, without any sections excluded.
- 2. With the exception of the elimination of the excluded sections of Hayes Township, all other provisions of the original Agreement shall remain in full force and effect. Any amounts paid by the parties to the original Agreement shall be adjusted accordingly to account for the additional area covered within Hayes Township.
- 3. This Addendum shall last the entire term of the original Agreement, unless amended or revoked by mutual written consent of the City and Hayes Township.
- 4. This Addendum shall become effective January 1, 2017.

IN WITNESS WHEREOF, the parties have executed this Addendum to be effective as provided above.

- 100 block of Antrim St (between Bridge and State)
- 200 block of Prospect (between Petoskey and Dixon)

By completing the Prospect and Antrim Street projects, we will be eliminating two blocks of 4" water main that is estimated to be 100 years old. The sanitary sewer on all three streets is of similar age and also in need of being replaced. These three blocks would be completely rebuilt with all underground City utilities being replaced.

We have typically entered into these professional agreements with Performance Engineers and paid them on a percent of construction basis. Performance is proposing to use the same percentages as in the past, see attached proposal.

RECOMMENDATION:

Motion to approve the 2017 Infrastructure improvements as presented and authorize the proposal with Performance Engineers.

RE: Engineering Services Contract For 2017 Street Work – Antrim Street from State to US-31, Hurlbut Street from State Street to US-31, and Prospect Street from East Dixon to US-31

Dear Mark:

Performance Engineers appreciates the opportunity of working directly with the City of Charlevoix for infrastructure design work. With your direction and that of Pat Elliott and Don Swem I believe the City will continue to give Performance the timely direction necessary to provide a superior final design product which translates to very competitive bidding and quality results.

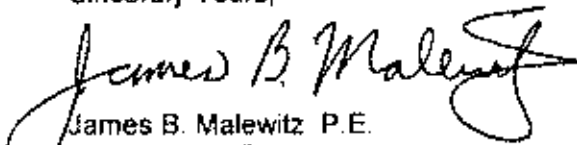

This design proposal is to include reconstruction of entire streets that are listed above and to upgrade all inadequate City utilities that are currently in the road ways. Also, new curbs, sidewalks and pavements will be reconstructed to meet current street standards established by the City of Charlevoix.

Based on projects completed with the City over the years it has been determined that engineering costs are closely approximated at 16% of construction costs; 8% for design and 8% for construction engineering which includes managing the project with full time inspections and payment approvals. For the three streets that are being designed the overall project costs have been estimated at a total of \$1,162,635.42 with construction costs at \$905,479.30 (see Attachment #1). The design costs would be \$72,438.34 and the engineering though construction would also be \$72,438.34. Adjustments of these fees will be considered when construction costs are realized.

Performance Engineers proposes to provide Resident Engineering and Inspection through the construction phase of the project at very competitive rates of \$115/Hr and \$60/Hr respectively. Computer Aided Drafting rate will be at \$80/Hr.

I appreciate this opportunity to provide you with this proposal. We are hoping to be on a track to bid these projects at mid-February to allow for a bid opening date of early March. If you have any questions please give me a call. I look forward to working with you on these projects.

Sincerely Yours,

James B. Malewitz P.E.

**CHARLEVOIX CITY COUNCIL
AGENDA ITEM**

AGENDA ITEM TITLE: Airport Hangar Land Lease

DATE: December 19, 2016

PRESENTED BY: Liz Myer, Airport Manager

ATTACHMENT(S): Draft Airport Hangar Land Lease

BACKGROUND INFORMATION:

As you will recall, the Airport has received interest from parties wishing to build new hangars. In an effort to continue encouraging hangar development, the Airport Advisory Committee suggested permitting hangar development on leased land rather than leasing the hangars. This would have privately-owned hangars on leased land where the owner would pay the Airport an annual land lease payment.

In conjunction with the Airport Advisory Committee, we have developed this draft lease that would be used going forward. The City Attorney has reviewed it and modified it as well. We propose these terms for a model hangar land lease contract and then specific agreement would more or less follow this language depending on the needs of the hangar developer.

RECOMMENDATION:

Motion to approve the Airport Hangar Land Lease as presented.

PRIVATE HANGAR LAND LEASE AGREEMENT

This agreement, made this ____ day of _____, _____, by and between the Charlevoix Municipal Airport ("Airport") whose principal offices are 111 Airport Drive, Charlevoix, MI 49720 and _____ (the "Lessee"), is for the purpose of outlining the rights and responsibilities of the parties to this Agreement. The parties to this Agreement do agree as follows:

1. **Lease of airport property:** The Lessee leases from the Airport a private hangar lot, as described on a map located at the City of Charlevoix offices. The lot is situated upon the Charlevoix Municipal Airport, an airport owned by the City of Charlevoix. The lot is leased together with land and any improvements that may have been placed on it. This lease is for lot # _____ (hereinafter referred to as "lot" or "premises").
2. **Use of the airport:** The Lessee has the privilege of using the public portions of the airport in common with other users. Lessee shall have the right to conduct all operations authorized pursuant to the terms of this lease, provided, however, that this lease shall not be deemed to grant to Lessee, or those claiming under Lessee, the exclusive right to use any part or portion of the airport other than the premises. Use of the airport is subject to the rules and conditions as now exist or may be enacted in the future by the Airport, the State of Michigan, or the United States government. The Lessee is subject to customary charges for such use as may be established from time to time by the Airport. The Airport reserves the right to enter, at any time, upon the leased land as described in this agreement and any building on said land for the purpose of inspection to determine compliance with all terms of this agreement. Reasonable efforts will be made to notify Lessee of such entry before entry is made.

The Airport reserves the right to further develop or improve the airport as it sees fit, regardless of the desires or views of the Lessee, and without interference or hindrance. Nothing in this lease shall be construed to prevent Airport from making such commitments as it desires to the Federal Government or the State of Michigan in order to qualify for the expenditure of Federal or State funds on the airport.

3. **Term:** The Airport grants Lessee a five (5) year renewable lease commencing on _____, _____ ("Commencement Date") for the land on which Lessee desires to build a hangar. Such lease shall automatically renew at the conclusion of a five-year term unless either party expresses in writing a desire to terminate the lease. Such notification shall be conveyed to either party via certified mail and shall be given at least one year in advance of the expiration of the lease.
4. **Lease payments:** The Lessee agrees to pay to the Airport an annual sum of \$ _____ per square foot per year, as determined by the dimensions of the leased land. The first such payment is due upon execution of this lease and shall be a pro-rated sum of the annual amount from the date of execution until March 31. After the initial payment, annual lease payments shall be made by April 1 of each year. Payments made after April 30 shall be subject to a 10% late payment fee.

Lease payments shall annually increase by the lesser of 5% or the Inflation Rate Multiplier (calculated pursuant to MCL 211.34d and as issued by the State Tax Commission); however the rate shall not decrease in a year if the Inflation Rate Multiplier is negative.

5. **Construction of private buildings on leased property:** Any structure built upon leased property must be constructed in full compliance with any and all applicable regulations, rules, and orders of the Federal Aviation Administration, the City of Charlevoix, and the Charlevoix Municipal Airport. The Lessor retains the right to, at the time of signing the initial lease or the renewal of any subsequent agreement, provide standards of maintenance, color schemes, and any other change deemed necessary and beneficial to the Charlevoix Municipal Airport. Furthermore, hangars must comply with the Airport Minimum Standards and Airport Ordinance as the City Council may from time to time amend at its sole discretion. Any construction for non-aviation purposes is prohibited unless written approval is given by the Airport Manager. Any commercial activity is prohibited without a license for commercial activity pursuant to the Airport Minimum Standards.

Lessee shall begin construction on the hangar within 180 days of the effective date of this lease. If construction and/or development of a hangar or series of hangars has not substantially begun within 180 days of the signing of this lease, the Airport may, at its sole discretion, terminate this lease without refunding any lease payments made. At the sole discretion of the Airport, an additional 180 days may be provided to begin substantial construction and/or development of the leased premises.

At the Lessor's sole expense if available, utility lines may be extended so long as they are permitted under the Airport Layout Plan. The extension of utilities shall be contingent upon the normal policies applied by the utility servicer. The Lessee shall pay all site improvement costs, including but not limited to, grading, gravel, bituminous, concrete, utility installations, and any other improvements required on the leased property.

Prior to construction of any building located on leased property, the Lessee shall furnish to the Airport, for the Airport Advisory Committee's review and approval by the City Council, the plans for the building. During construction of the building, the Lessee and/or Lessee's contractor shall maintain insurance as required by the City's Schedule of Insurances for the Airport. At a minimum, this shall require that the Lessee and/or Lessee's contractor provide a certificate of insurance showing liability limits of at least \$1 million and name the City and Airport as an Additional Insureds and shall provide insurance with respect to Lessee's full indemnification and defense responsibilities contained in this lease. All required insurance policies shall insure on an occurrence and not a claims-made basis, shall be issued by insurance companies which are reasonably acceptable to the City and Airport, and shall not be cancelable, reduced or materially changed unless thirty (30) days prior written notice shall have been given to the Airport. The Lessee shall provide the Airport with a current certificate of liability insurance consistent with these requirements.

6. **Use and Maintenance of leased property:** Lessees, at their own cost and expense, shall take good care of the leased property and any buildings or structures placed thereon. Lessees shall keep and

maintain the property in good order and repair and in a clean and neat condition. Use of the leased premises shall be in keeping with the Airport Minimum Standards. Lessee agrees to comply with all local, state and federal environmental regulations concerning the use of the leased premises.

It is further agreed that the enjoyment and use, in common with others upon the Airport, of all entrances, exits, approaches and approaches for light and air now existing in favor of the airport premises shall not be interfered with or interrupted by any act of the Airport. The Lessee shall not permit any storage, debris, or other material to be left outside of the hangar.

Lessee shall not permit any waste or nuisance on the leased property nor permit anything on the leased property to interfere with the rights of other Lessees of the Airport or users of the airport. In the event the property is not properly maintained, the Airport may, after notifying the Lessee, cause the property to be maintained. The costs of maintenance and an administrative fee will be billed to the Lessee and become Lessee's responsibility. Unpaid billings shall be certified to property taxes.

The cost for customary maintenance routinely performed by the Airport, related to areas affecting the value or use of leased properties are included in the annual lease costs charged for the property, and includes snow removal, grounds maintenance and maintenance of apron areas. Snow removal is performed by Airport employees on a priority basis. The Airport reserves the right to perform snow removal functions in whatever manner it deems necessary. In any case, snow removal in front of buildings is the Lessee's responsibility. The Airport is not required to perform any snow removal function on leased property, but may plow snow on or adjacent to leased properties to expedite other snow removal operations at the airport. Mowing and weed control are the Lessee's responsibility, however, the Airport may mow or perform weed control on or adjacent to leased properties to expedite other maintenance operations. The Airport shall establish the standards by which ramp areas and other paved surfaces are maintained.

7. **Hazardous Materials:** Lessee shall not store hazardous materials on the leased premises except such materials normal to and reasonably necessary for aircraft operation and such maintenance operations reasonably conducted on the premises. All hazardous materials shall be stored, handled, and disposed of properly in accordance with all local, state and federal rules and regulations, and any spill or discharge shall be immediately reported to the Airport. Improper storage, use, handling, or disposal of hazardous materials shall be grounds for termination of this lease agreement.
8. **Taxes, assessments, and other charges:** In addition to other charges identified in this agreement, the Lessee shall pay all taxes, assessments, licenses, fees, or other charges that may be levied or assessed upon the Lessee's property or building or any activity of the Lessee. Should it be determined that the interest of the Lessee in this Agreement is taxable, and should any tax be levied, the Lessee shall pay such tax. Upon request by the Airport, the Lessee shall provide proof of such payment. In the event the Lessee fails to pay the lease payments, taxes, assessments, fees, or other charges due, the Airport shall notify the Lessee of the default. If the Lessee fails to cure such

default within ten days from the receipt of the written notice, the Airport shall have the right to immediately terminate this lease without further obligation to the Lessee.

9. **Default:** Failure to pay the land lease payment by April 30 shall constitute a breach and default of this agreement. Failure to adhere to any and all standards set forward in this lease, in the Airport Minimum Standards, and the Airport Ordinance shall constitute a breach and default. When any of these conditions shall occur, the Airport shall notify the Lessee in writing of the breach and permit thirty days or other reasonable time, in the Airport's sole discretion, to cure such default. If a default occurs and is not cured, Airport, at its option and in its sole discretion, may at any time thereafter do one or more of the following to the extent permitted by applicable law:
 - a. Airport may, without releasing Lessee from its obligations under the lease, attempt to cure the default. Airport may enter the premises for such purpose and take such action as it deems desirable or appropriate to cure the default. This entry is not an eviction of Lessee or a termination of this lease;
 - b. With legal process, but without further notice to Lessee, re-enter the premises or any part thereof and take possession of it fully and absolutely, without such re-entry working a forfeiture of the money to be paid and the terms and conditions to be performed by Lessee for the full term of this lease. Airport's re-entry of the premises is not a termination of this lease. In the event of such re-entry, Airport may proceed for the collection of money to be paid under this lease or for properly measured damages;
 - c. Terminate this lease upon written notice to Lessee and re-enter the premises as of its former estate, and Lessee covenants in the case of such termination to indemnify Airport against all loss of rents and expenses during the remainder of the term; and
 - d. Exercise all other rights and remedies including injunctive relief, ejectment or summary proceedings such as an eviction action and any other lawful remedies, actions or proceedings.

In the event of any default and for any type of remedy chosen by Airport, Lessee shall reimburse Airport for all reasonable fees and costs incurred by Airport, including reasonable attorneys' fees, relating to such default and/or the enforcement of Airport's rights hereunder, and costs incurred attempting to cure a default. Any and all legal remedies, actions and proceedings shall be cumulative.

10. **Property of Lessee and termination provisions:** It is understood and agreed that the lands above described consist of unimproved real estate and any buildings placed or constructed upon the premises by the Lessee remain Lessee's personal property. At the expiration of the term of this lease or any renewal term hereof, the Lessee may remove any improvement or buildings, provided that the Lessee restore the premises to their present condition, free from any debris or materials remaining from the removal of the structures. All plans for any demolition, in compliance with this

paragraph, shall be approved in writing by the Airport Manager. The Lessee hereby grants to the Lessor the option of purchasing any of the buildings or other improvements belonging to the Lessee will be determined by an independent appraiser, mutually selected by the parties. The expense of the independent appraiser will be shared equally between the parties. However, in no event shall the Lessor be required to purchase the building or improvement. The Lessee shall have a period of one hundred and eighty days (180 days) from the termination date to remove property. In the event the Lessee cannot complete the removal within 180 days, the Airport may grant an extension of time, in its sole discretion, if the Lessee can demonstrate the reasons for failure to remove property within the 180 day period are beyond the control of the Lessee. If the Lessee does not remove the property within the period granted by the Airport, the Airport may retain ownership of the building and property for any municipal purpose.

If the leased premises becomes deserted, abandoned or vacated, the Airport may terminate the lease. If the Lessee's interest in the property is taken by process of law, the Airport may terminate the lease. If the buildings or properties on the premises are destroyed, the Airport or Lessee shall have the right to terminate this agreement upon giving written notice, with response, to the other party.

Should the Lessee default in the performance of any terms, conditions or covenants of this Agreement not otherwise specified, and should the default continue for a period of more than thirty (30) days after the Airport serves the Lessee with written notice, the Airport may terminate the lease. This may be done with or without terminating this Agreement and without prejudice to any other remedy for lease payments or breach of covenant. In any such event the Airport may terminate this Agreement by giving written notice of the termination. The rights and remedies given to the Airport are, and shall be deemed to be, cumulative, and the exercise of one shall not be deemed to be an election excluding the exercise by the Airport at any other or different time of a different or inconsistent remedy.

11. **Liability provisions; Indemnification; Insurance:** Notwithstanding anything to the contrary in this lease, the Airport, its officers, agents, and employees shall not be liable or responsible in any manner to the Lessee, Lessee's successors or assigns, the Lessee's contractor or subcontractors, material suppliers, laborers, or to any other person or persons for any claim, demand, damage, or cause of action of any kind or character arising out of or by reason of the execution of this lease or the performance of this lease, nor will the Lessee make any claim against the City of Charlevoix or the Airport for or on account of any injury, loss or damage resulting from the Lessee's property or use thereof. The Lessee, and the Lessee's successors or assigns, agree to defend, indemnify and hold City of Charlevoix and the Airport, and its officers, agents, and employees, harmless from all such claims, demands, damages, and causes of action and the costs, disbursements, and expenses of defending the same, including but not limited to, attorney's fees, consulting services, and other technical, administrative or professional assistance. Nothing in this lease shall constitute a waiver or limitation of any immunity or limitation on liability to which the Airport or Airport is entitled.

Furthermore, the Lessee shall abide by an indemnification agreement drafted by the Airport Attorney from time to time.

The Lessee shall obtain and keep current a liability insurance policy required by the City of Charlevoix's schedule of insurances, but at least the sum of \$1,000,000 aggregate coverage. The Lessee's policy shall include the Airport as an additional insured, shall be in a form acceptable to the Airport and shall provide insurance with respect to Lessee's full indemnification and defense responsibilities contained in this lease. All required insurance policies shall insure on an occurrence and not a claims-made basis, shall be issued by insurance companies which are reasonably acceptable to the Airport, and shall not be cancelable, reduced or materially changed unless thirty (30) days prior written notice shall have been given to the Airport. The Lessee shall provide the Airport with a current certificate of liability insurance consistent with these requirements.

The Lessee shall meet, and provide upon request verification of, all licensure requirements of the City of Charlevoix, State of Michigan and/or the United States Government to legally comply with this lease.

12. **Transferring, subletting, selling:** The Lessee shall not assign, transfer, sublet or sell any interest in this agreement or in the improvements located on the property without first obtaining the written consent of the Airport. Failure to obtain written consent shall be sufficient grounds for terminating this agreement without obligation of the Airport to the Lessee.
13. **Commercial Use:** Lessee must indicate to Airport at time of signing that the leased property will be used to conduct commercial activities and obtain written permission from the Airport to conduct such activities. Any wish to alter the use of the property to include commercial activity during the term of this agreement requires prior written consent of the Airport. Failure to notify the Airport and obtain written consent as described above shall be grounds for immediate termination of this agreement. Commercial activities include repair, restoration, maintenance or rental of aircraft. No commercial activity which is not directly related to aeronautics is permitted. No outdoor storage of planes or equipment is permitted in the hangar area. Any hangar constructed or used to conduct commercial activities shall comply with any all applicable building code requirements for commercial buildings.
14. **Communication:** At all times, the Lessee shall furnish the Airport Manager with accurate written documentation of the following:
 - Contact information of lessee (including an emergency contact)
 - Name and contact information of Lessee's Business Agent (if applicable)
 - Names of those to whom gate access cards should be issued
 - Tail numbers of all aircraft to be stored in the hangar

Any notice required under this lease shall be in writing and delivered in person or by courier or mailed by certified mail, return receipt requested by United States Mail, postage prepaid addressed as follows:

If to the Airport:

If to the tenant:

15. **Transferability:** Lessee may transfer, sell, or otherwise convey this lease with the written permission of the Airport Manager. Such permission shall not unduly be withheld without cause. This lease is binding on the heirs and assigns of the parties.
16. **Waiver:** The waiver by Airport or tenant of any breach of any term of this lease shall not be deemed a waiver of any prior or subsequent breach of the same term or any other term of this lease.
17. **Choice of Law and Venue:** This lease shall be governed by and construed in accordance with the laws of the State of Michigan. Venue for any disputes, controversies, or claims arising out of this lease shall lie in Charlevoix County, State of Michigan, and all parties to this lease waive any objection to the jurisdiction of these courts, whether based on convenience or otherwise.
18. **Severability:** If any part of this lease shall be held invalid, it shall not affect the validity of the remaining parts of this lease, provided that such invalidity does not materially prejudice either party under the remaining parts of this lease.

Full agreement: This constitutes the full agreement between the parties. This lease may only be amended or modified if done in writing and executed by all parties to this agreement.

continuing support from MEDC including Main Street and development grant support and development assistance.

Given the importance of this program, I retained Emily Pantera, formerly of MEDC and Michigan Main Street, to consult with us on the application process and how we can improve our practices in light of the best practices identified by the program. Among the requirements is the adoption by Council of a resolution of support.

AGENDA ITEM TITLE: Networks Northwest Planning Contract

DATE: December 19, 2016

PRESENTED BY: Mark L. Heydlauff, City Manager
Sarah Lucas, Regional Planning Department Manager,
Networks Northwest

ATTACHMENTS: Planning Contract with Networks Northwest

BACKGROUND INFORMATION:

For more than a year, I have been searching and reviewing potential applicants for the vacant Planning Director position. While I have interviewed for this position, we have not found a mutually agreeable fit for the position.

This fall, I attended a Housing Summit hosted by Networks Northwest, the regional planning agency for northwest Michigan (formerly known as the Northwest Michigan Council of Governments). Networks Northwest has been studying and looking for creative, inclusive solutions to the housing challenge of our region among other issues. I was impressed with the degree to which this group has been seeking best practices for many of the challenges we face locally and the professionalism of their staff. Networks Northwest has also occasionally assisted our Planning Commission and Planning Department with special projects and background information.

Given our inability to find the right fit for our Planning position, Sarah Lucas of Networks Northwest and I had a series of conversations about ways their staff could play the lead planning role for us. We agreed this should begin with an initial one-year trial period to see how this relationship might work. Networks Northwest would handle staffing the Planning Commission, Zoning Board of Appeals, and other smaller bodies like the Ad-Hoc Short Term Rental Study Committee. They would review site plans and recommend changes to our ordinances and planning documents. We plan to have one of their staff members in our office roughly once a week (or as needed) with additional work being done from their office in Traverse City.

Ultimately, this is an experiment for both parties; we recognize we may need to mold and change the relationship as we gain experience. Zach Panoff would continue in his role and channel Planning Department business, as needed for either administrative review performed in coordination with Ms. Lucas and her staff. Ms. Lucas would provide overall direction with Mr.

Panoff and others implementing day-to-day work, including continued Code Enforcement efforts.

Essentially, this plan allows us to gain from the rich and widespread experience of the Networks Northwest staff, while reducing personnel costs in the department. A full-time planner, inclusive of salary and benefits, would likely range around \$100,000. We anticipate the agreement with Networks Northwest will range around \$50,000 with us paying them only for the services we use.

RECOMMENDATION:

Motion to approve a Memorandum of Understanding with Networks Northwest to provide planning services pursuant to the agreement.
