

**AGENDA**  
**CITY OF CHARLEVOIX CITY COUNCIL WORK SESSION**

Tuesday, January 10, 2017 - 5:00 p.m.  
City Hall Council Chambers, 210 State Street Charlevoix, Michigan

1. Invocation or Pledge of Allegiance
2. Roll Call
3. Presentations and Discussions
  - A. Goal Setting for 2017-2018
  - B. Review of Draft 2017-2018 City Budget
4. Other Council Business
  - A. Closed Session- Pending Collective Bargaining Negotiations pursuant to MCL 15.268, Section 8(c)
5. Adjourn

*The City of Charlevoix will provide necessary reasonable auxiliary aids and services, such as signers for the hearing impaired and audio tapes of printed materials being considered at the meeting, to individuals with disabilities at the meeting upon one week's notice to the City of Charlevoix. Individuals with disabilities requiring auxiliary aids or services should contact the City of Charlevoix Clerk's Office in writing or calling the following: City Clerk, 210 State Street, Charlevoix, MI 49720 (231) 547-3250*

January 6, 2017 4:00 p.m.

## Memo

**To:** The Honorable Mayor Kurtz and the Charlevoix City Council  
**From:** Mark L. Heydlauff, City Manager  
**Subject:** Work Session for January 10, 2017  
**Date:** January 6, 2017

As you are aware, we have a Work Session planned for January 10, 2017 at 5pm. We will meet around the conference table in the Council Chambers; we have arranged for soup and sandwiches from That French Place.

### Goals

At your meeting on Tuesday, you agreed to also discuss goals for the City. I have placed this first on the agenda in case the goals you discuss would alter the budget considerations. It is helpful when Council sets a broad vision and then staff can respond with specific policies in keeping with those priorities. I expect this will be an ongoing discussion.

### Budget Draft Overview

The City Charter obligates me to present to you a recommended budget for the ensuing fiscal year by February 15<sup>th</sup>. My goal in this work session is to outline what staff and I recommend, gather any further input you may have and issue the recommendation in early February. The budget takes effect by ordinance and ordinances must be approved 30 days before they are effective. Thus, the February 20 Council Meeting is the last regular meeting at which the budget could be approved while still taking effect by April 1 when our fiscal year begins.

The General Fund provides many of the services our residents rely on and it is supported primarily through the general operating levy and fees for services. This coming year, it shows a considerable proposed deficit largely due to several large, one-time expenditures. The largest of these is a new HVAC system for City Hall. The total cost of this system is expected to be \$175,000 with the General Fund paying \$105,000 of this. I know this project has come up in the past and been delayed. Other projects included are:

- \$27,000 for an accessible playground at Lake Michigan Beach (includes revenue from the State, County, and Charlevoix County Community Foundation)
- \$12,500 contribution toward the Boyne-Charlevoix Trail
- \$6,000 election equipment expense
- \$51,000 to refurbish tennis courts and basketball courts
- \$15,000 to redo the city website and purchase a new server and related software

The General Fund is projected to end the 2017-2018 Fiscal Year with a fund balance of 27% of expenses. This is still a

healthy fund balance but I would not recommend we let the balance dip below 25%. You can see from the summary that the fund balance is expected to be much better as we end this fiscal year than when we started it. This can be attributed to some projects being delayed (notably the Lake Michigan Beach Playground) and not filling the City Planner position.

The Major and Local Street Funds are performing relatively well. These are used to perform routine maintenance on our streets and not the larger construction we have seen. No major projects are planned in these funds.

The Downtown Development Authority Fund is projected to draw significantly on their cash reserves this year to make some significant upgrades including the construction of wayfinding signage, upgrades to the Bridge Park Building, and more promotional work. They will maintain a cash balance that exceeds their annual expenses; their largest annual expense is payment on the bonds that funded East Park and the Marina.

The General Debt Service Fund is an in and out account created to repay the 2016 Infrastructure Improvement Bonds. It derives revenue from the Infrastructure Improvement Fund (PI #6) and the Street Improvement Fund (PI #7). The one-time proceeds of the 2016 Infrastructure Improvement Bonds were deposited into the Infrastructure Improvement Fund, where they paid the costs of the 2016 work and where we anticipate charging all costs for 2017 infrastructure work. As a reminder for 2017, we are having Performance Engineers draw-up specs for the full reconstruction of the 100 block of West Hurlbut, Antrim (between Bridge and State), and Prospect (between Dixon and Petoskey). We also anticipate roughly \$400,000 of pavement improvement work this following year. We will assess this project as we know more details on the pricing and timing of the reconstruction work. In total, we completed roughly \$2.3 million in infrastructure improvements last summer and we anticipate completing another \$1.6 million in 2017. The Infrastructure Improvement Fund receives revenue from the Infrastructure Levy and the Street Improvement Fund receives revenue from the local share of the Charlevoix County Road Millage.

The Airport Fund is showing signs of improvement. It is repaying with interest, the loan it received from the Electric Fund several years ago and is projected to fund the grant matches from Airport-derived revenue. We will be making one last payment for the ballfields since we were required to "transfer" them from the Airport to the City. The Airport is currently planning to rehabilitate Taxiway A in 2017 using federal grant money.

The Electric Fund remains healthy though it does project a deficit again this year. Excluding depreciation however, it is expected to break even. There are no significant projects planned for the Electric, aside from ongoing system maintenance and upgrades. We propose no change in Electric Rates.

The Sewer Fund will see lower expenses with the Waste Water Treatment Plant improvements now complete. We will continue with routine operations and maintenance on our lift stations throughout the system. We are also working on improving and lowering the cost of the automatic communication systems between the plant and the lift stations. We are recommending a 2% rate increase or \$1 per month for most City customers and \$1.50 per month for most township customers.

The Water Fund continues to struggle with high costs than our rates are supporting. The Fund Balance was significantly depleted during the water freeze-ups three years ago. We are making progress in improving our water capital assets and the DEQ just recognized us for recent improvements to our Water Plant; they plan to use our work as a demonstration to other plants. We do recommend a 15% rate increase; this will mean a roughly \$4.50 increase for City residents and an increase of roughly \$8 for township water customers who have City water.

The Marina Fund is marginally healthy. The fund balance is declining again this year, but we are making some dock repairs and significantly upgrading our Wi-Fi capacity and infrastructure. In the long run, the debt service is stable going forward after we refinanced it last year; the DDA provides most of the revenue to pay this. We are working to fill one more seasonal boat slip and we have an available commercial slip for which we will request proposals this

winter. I also recommend we renew the commercial slip with Sunshine Charters at the same terms of the previous contract. I'll bring that to Council in the next couple of months.

The Employee Fringe Benefit Fund is one of our internal service funds. It charges all funds on the basis of their payroll to account for employment taxes and employee benefits. Health insurance and retirement costs are the biggest driver of expenses in this fund. You will note we are anticipating ending the year with just over \$800,000 in cash in this fund; this is a good "savings account" in case we want to make an extra payment into our MERS pension accounts or another use in the future.

The Motor Pool Fund is another internal service fund that charges equipment rent to our various funds and then purchases and maintains the vehicles they use. Staff will be reviewing the policies for contributions and payments into this fund and may modify the formulas going forward.

The DPW Site Fund has been used over the years to charge our utility funds for future replacement of the DPW site at the corner of Stover and Ferry. We are currently working with Northwest Design Group on developing a plan for a replacement facility to include the Electric Department as well. We expect to have the results of this report later this winter. This will give us cost guidance as we plan the steps toward construction. In the meantime, we have roughly \$1.6 million in cash ready for this project.

#### **Proposed Fee Schedule**

Along with the approval of the budget, we ask Council to annually approve the schedule of fees for various items in the City. You will find a draft of this included in the packet. Most of these are finalized, however Interim Airport Manager Matt Wyman is modifying some airport charges in collaboration with the Airport Advisory Committee and we are finalizing some of the specifics for utility rates.
