**The Locals' Guide to Downtown Charlevoix**

- **DON'T MISS THE BRIDGE!** One of our most unique attractions – the drawbridge – raises on the hour and half hour from June through August. The clanging bells signal its impending opening so hustle down to see the parade of gleaming boats entering and exiting Round Lake. And don't forget to wave!
- **EARL YOUNG HOMES: CHARLEVOIX'S MUSHROOM MANORS** Earl Young (1889-1975) was the architect and builder of Charlevoix's famous "mushroom houses." Young began construction of several of these unique stone houses in the late 1930's and ultimately built over two dozen structures, a number of which are located a short walk from Downtown.
- **CROSSING BRIDGE STREET** Bridge Street can get rather busy during the summer months, thus we suggest you utilize our marked crosswalks and Under-Bridge Walkway. You can cross at your leisure and the Under-Bridge Walkway also provides a unique perspective of our drawbridge.
- **A GREEN DOWNTOWN IS A CLEAN DOWNTOWN** Join us in our efforts to keep East Park litter-free and help the environment at the same time! Downtown Charlevoix will be installing several recycling receptacles throughout our recently renovated park. Consult the map for receptacle locations and please do your part to make sure Charlevoix stays beautiful!
