VII. Requests, Petitions and Communications and Actions Thereon

A. Discussion Regarding Fire/EMS Contracts with Local Townships

The Mayor had a meeting with the townships last Friday. They are looking at all the options for their residents. The Mayor reviewed the issues the townships had with the proposed agreement. Fire Chief Paul Ivan was available to address the item and answer questions from Council. Council expressed concerns about the cost to the City, if the City lost the township contracts and sold off some of the equipment specifically used in the townships (i.e., tanker), and then the townships were dissatisfied and wanted to come back. Those present generally agreed that the townships would need to be aware that if they later changed their mind, they would need to cover the expense of replacing the equipment and those costs would be significant. After more discussion, the Mayor, the Manager, and Chief Ivan concluded that they thought negotiations could continue and that the obstacles the townships had were not insurmountable. Council directed staff and the Mayor to continue negotiations and explore options with the townships over the next few weeks to see if an amicable and fair agreement could be reached.

The Manager reviewed the item. There were no questions.

Motion by Councilmember Greg Stevens, seconded by Councilmember Jill Picha, to approve a letter of support for the Tip of the Mitt stormwater management grant.
