VII. Requests, Petitions and Communications and Actions Thereon

A. Bridge Street Commons Site Plan Review (Project #2016-03 SP)

Interim Planner Panoff stated that the Planning Commission reviewed a site plan for 1418 Bridge Street for applicant Doug Labelle. Mr. LaBelle proposed a two phase project known as Bridge Street Commons that would consist of a 5,600 square foot building containing a drive-through restaurant and retail space near the front of the lot now, and a 6,000 square foot building containing retail and/or office space to the rear of the property in the future. The property is currently occupied by the vacant Juilleret's restaurant building and has shared parking lot access with the Maple Leaf Motel to the north. The proposal would keep this shared access, as well as the existing access to the south, and include an island to separate the parking areas. Interim Planner Panoff stated that the Planning Commission unanimously recommended approval with conditions regarding requirements from the DPW Superintendent, signage, lighting and the review of the second phase of the proposal.

Councilmember Gibson felt that the plan was tasteful and was an asset to the City. City Manager Heydlauff commended Mr. Labelle's collaborative effort with the adjacent property owners. Interim Planner Panoff referenced the agreement with the adjacent property owners included in the agenda packet.

Mayor Campbell opened the item to public comment. There was no comment, and the item was closed.

Motion by Councilmember Supernaw, second by Councilmember Cole, to approve Project 2016-03 SP for 1418 Bridge Street with conditions as recommended by the Planning Commission.

B. Liquor License Application from LC Brewers, LLC

Councilmember Hagen recused himself.

Evan Keller, Director of Operations at LC Brewers, stated that they are seeking support from City Council to obtain new Micro Brewer and Small Wine Maker licenses to be located at 109 Bridge Park Drive in order to distribute Lake Charlevoix Brewing

Company (LCBC) brand beer. Pursuant to Michigan Liquor Control Commission (MLCC) regulations, Micro Brewer and Small Wine Maker licenses require approval from the City of Charlevoix.

Mr. Keller clarified that beer tastings will occur at LCBC and LC Brewers will not offer individual sales, but be distributing kegs only.

Councilmember Gibson questioned whether Council should schedule a public hearing or proceed with the Resolution at this meeting. It was generally agreed that a public hearing was unnecessary as the MLCC fully vets the applicant.

Mayor Campbell opened the item to public comment. There was no comment, and the item was closed.

Action by Resolution.

C. Pavement Marking Bid

DPW Superintendent Elliott stated that the City received two bids for the annual pavement marking throughout the City, including center lines, parking stalls, right/left arrows, etc. He explained that the low bidder, PK Contracting, was contracted for the work last year. This work is funded using the Major Street fund and is within budget. At PK Contracting's discretion, the company has begun work already.

Mayor Campbell opened the item to public comment. There was no comment, and the item was closed.

Motion by Councilmember Cole, second by Councilmember Kurtz, to approve the bid for pavement marking as presented, by PK Contracting for a cost not to exceed \$12,826.25.

Yeas: Perron, Gibson, Cole, Supernaw, Hagen, Kurtz
Nays: None
Absent: None

D. Fire Hydrant Painting

DPW Superintendent Elliott stated that in March 2016 no bids were received for painting approximately 140 hydrants. He contacted Giant Maintenance and Restoration (2013 contractor) and they proposed to hold their 2013 price of \$105 per hydrant which includes sandblasting to bare metal, one primer coat of paint and one finish coat of paint. Additionally, Staff reached out to Charlevoix Township who also plans to retain Giant for the painting of their hydrants. Councilmember Cole indicated that the contractor did an excellent job in the past.

Mayor Campbell opened the item to public comment. There was no comment, and the item was closed.

Motion by Councilmember Hagen, second by Councilmember Gibson, to approve the contract with Giant Maintenance and Restoration for the painting of fire hydrants for a cost not to exceed \$14,700.

Yeas: Perron, Gibson, Cole, Supernaw, Hagen, Kurtz
Nays: None
Absent: None

E. Ball Field Sale/Purchase Agreement

Councilmember Kurtz recused himself.

Airport Manager Myer stated that the property being utilized by the ball field complex north of the Airport is part of the Airport's overall property description and is considered a non-conforming use by the FAA. Grant assurance requires that the airport property be only used for aeronautical purposes or can be quickly converted to an aeronautical use. Airport Manager Myer indicated that the FAA requires the property either be leased or purchased with evidence of an agreement submitted to the FAA. The amount of \$10,700 was reflected as a lease transfer payment for fiscal year ending March 31, 2015 but there was no agreement drafted to submit to the FAA. She explained that the attached purchase agreement would resolve the FAA grant assurance requirement and eliminate the need for reflecting lease transfer payments.

Airport Manager Myer said that the FAA required a survey and appraisal of the ball field property. The purchase price was determined to be \$150,500. Airport Manager Myer confirmed for Councilmember Gibson that the appraisal was completed in May 2015. The dollar amount of \$139,951 is reflected as earnest money with \$10,549 as the balance due by September 1, 2017. Airport Manager Myer explained the history of the ball field and FAA grant requirements.

Mayor Campbell opened the item to public comment. There was no comment, and the item was closed.

Motion by Councilmember Perron, second by Councilmember Hagen, to approve the Ball Field Purchase Agreement as presented and authorize the City Manager and City Clerk to sign all necessary documents.

F. Disc Golf Discussion

Mayor Campbell indicated that the volunteer group who constructed the disc golf course at Mt. McSauba is engaged in improving it and suggested that the City oversee these efforts.

Councilmember Hagen proposed that the Recreation Director should be involved and Councilmember Cole suggested that Rick Evans and Mike Greyerbiehl be included. City Manager Heydlauff concurred. Councilmember Gibson felt that one or two people should be key contacts for the group and she would like a progress report for Council.

Rick Evans, course designer, discussed volunteer cleanup work involving dead and downed trees as well as erosion control efforts recommended by the DEQ. He shared challenges with a stolen basket, missing signs and signage not being properly stowed in the off season. When questioned by Councilmember Supernaw whether the course could be self-sustaining, he indicated that most public courses use a donation box to help defray costs in lieu of charging a fee. Mr. Evans stated that the course receives quite a bit of play and in general, he has received good feedback. He said that volunteers have spent approximately 200 hours this year working on their "to do" list of course improvements. Councilmember Gibson stated that going forward she would like Mr. Evans to work closely with the Recreation Director and Mr. Evans agreed.

Mr. Evans stated that they are trying to create a culture of good stewardship and responsibility for the Mt. McSauba area. He requested a couple of additional trash cans for the course.

Councilmember Supernaw and Mr. Evans discussed past perceived issues with Camp McSauba and the disc golf course along with how these issues were remedied. Mr. Evans stated that he has not heard of any further concerns. Councilmember Cole noted that the Camp Director felt that the course was "awesome" for the kids and had heard no complaints.

Mike Greyerbiehl stated that the Monday golf league advocates synergy between walkers and golfers and this is communicated to the golfers. Councilmember Supernaw addressed the "elephant in the room" by asking "did a woman get hit... by a golf disc?" Mr. Evans responded affirmatively that this incident occurred prior to the redesign of the course and he confirmed that there have been no further accidents.

Councilmember Kurtz commented that he played disc golf when he was out of town and learned that particular course had a similar experience of changing the course layout to better accommodate other park users.

Mayor Campbell opened the item to public comment.

Terry Staley recalled her experiences with the hiking trails and golf course. She was disappointed to find that the trash can was full and suggested that the park should be checked and maintained regularly like other City parks.

Marell Staffel questioned who would be liable if a cleanup volunteer was injured while working on the course. Staff will investigate.

The item was closed to the public.

Motion by Councilmember Kurtz, second by Councilmember Cole, to ask the Recreation Director to work with the City Manager, Rick Evans, Mike Greyerbiehl and other interested parties to make the disc golf course better.

X. Ordinances

None.

XI. Miscellaneous Business

Councilmember Kurtz stated that he was surprised that Mr. Labelle's project needed Council approval. Mayor Campbell responded that Council has always approved projects. Councilmember Kurtz wanted to discuss why businesses need to go to Council in addition to the Planning Commission. He felt that if Council's approval was not required, then alleviating this step would make it easier for businesses to move forward with their project. City Manager Heydlauff stated that in his experience, if the project fell within the zoning guidelines, then Planning Commission approval was sufficient. Councilmember Kurtz asked Council if they would be agreeable to have the Planning Commission consider the removal of Council's approval process when the project is compliant. He felt that Council's approval was inefficient and an unnecessary step. Councilmember Gibson stated that she didn't have a problem with the way the current system works. Councilmember Perron noted that certain site plans require Council approval and City Manager Heydlauff clarified that single-family residences do not require Council's approval. Councilmember Perron said that "if it ain't broke, don't fix it."

Mary Eveleigh, Planning Commission member, explained that she was taught that going before both the Planning Commission and Council was "extra exposure." Councilmembers Cole, Gibson and Mayor Campbell agreed.

City Manager Heydlauff confirmed that changing the project approval process would require an Ordinance amendment by Council. Councilmember Supernaw discussed the enthusiastic Boyne City business environment and the challenges that new Charlevoix business owners have experienced in the past. He was in favor of streamlining the process. Councilmember Kurtz offered to drop the discussion until a future meeting. Councilmember Cole suggested that the Planning Commission should offer their opinion. Ms. Eveleigh will bring up the subject at the next Planning Commission meeting.

Councilmember Gibson felt that more Councilmembers should have attended the Historical Society's Charlevoix Business and Industry event and the FAA presentation to Paul Wilke at the Airport.
