## 7. All Other Actions & Requests

### A. Water Treatment Plant Improvements: Filter Rehabilitation Phase 1

City Manager Heydlauff stated that the water filtration plant and equipment have been in service since 1986. Over the years, the filter media has been on the decline and he briefly described the situation. This phase of the project has been budgeted for FY 2019. Northwest Kent Mechanical was the sole bidder for a total cost of \$182,200. Northwest Kent is experienced in water treatment plants and performed the work at the Wastewater Treatment Plant. The work will be scheduled and performed in October of this year.

Mayor Kurtz opened the item to public comment. There was no comment and the item was closed.

### B. Server and Fiber Upgrades

City Manager Heydlauff stated that the next phase of the IT project for FY2019 involves changing the City Hall internet connection to a hard-wired, fiber optic connection using the Merit Network currently located in the Charlevoix County Building. By converting to Merit, we will save money, eliminate Charter connections at some of our remote sites and better secure our data. He explained that Systems Specialists in Charlevoix have done IT work for the City for several years. Our ultimate goal is to tie our facilities together on a fiber optic connection to better enable internal functionality and reduce use of single point connections via Charter or AT&T. City Manager Heydlauff stated that some of the work included is their labor while other components would be performed by Feyen Zylstra. At this point, we would also order a server from Dell. Costs include: Feyen Zylstra portion: \$14,715, Systems Specialists Inc. (labor and hardware) portion: \$9,000, and Dell Inc. (server): \$11,800.

Mayor Kurtz opened the item to public comment. There was no comment and the item was closed.

Motion by Cole, second by Kalbfell, to approve the upgrades to the City Hall server, technology and wiring at a cost not to exceed \$35,515.
