

Smart Phone & Tablet Payments

PSN Payments

Any customer who has an iPhone[®], iPad[®] or Android[™] phone or tablet will be able to download the free “PSN Payments” app:

- Scan the QR code (which should be on your website and your marketing pieces)
- Download “PSN Payments” for the App Store[®] or Google Play[™].

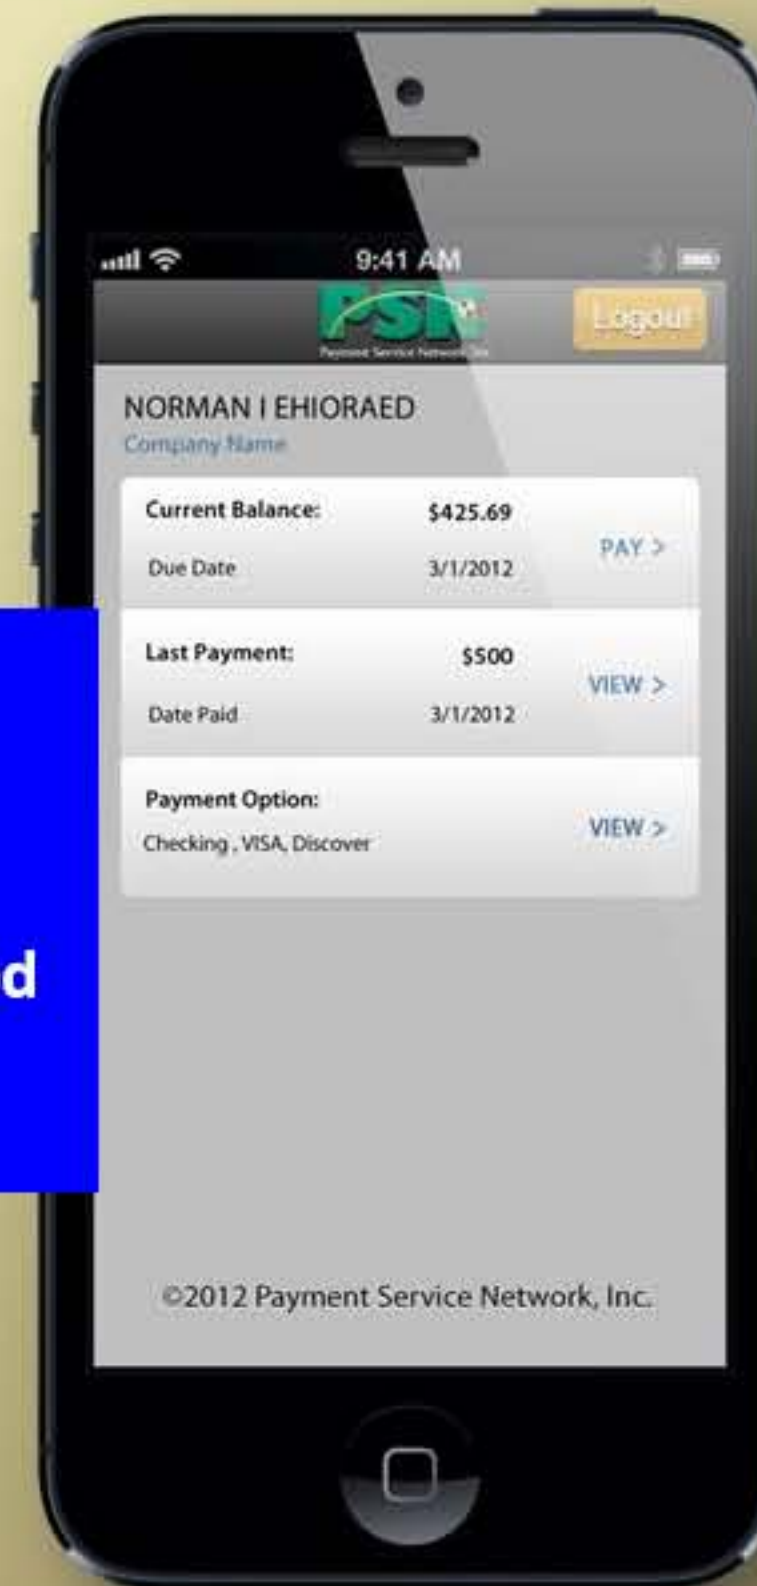

Smart Phone & Tablet Payments

IMPORTANT: Before using the App, your customer should go online to set up his/her PSN Customer Profile. They can do this on their mobile device but it is easier on a regular computer.

Customer logs in with PSN credentials.

Customer chooses to:

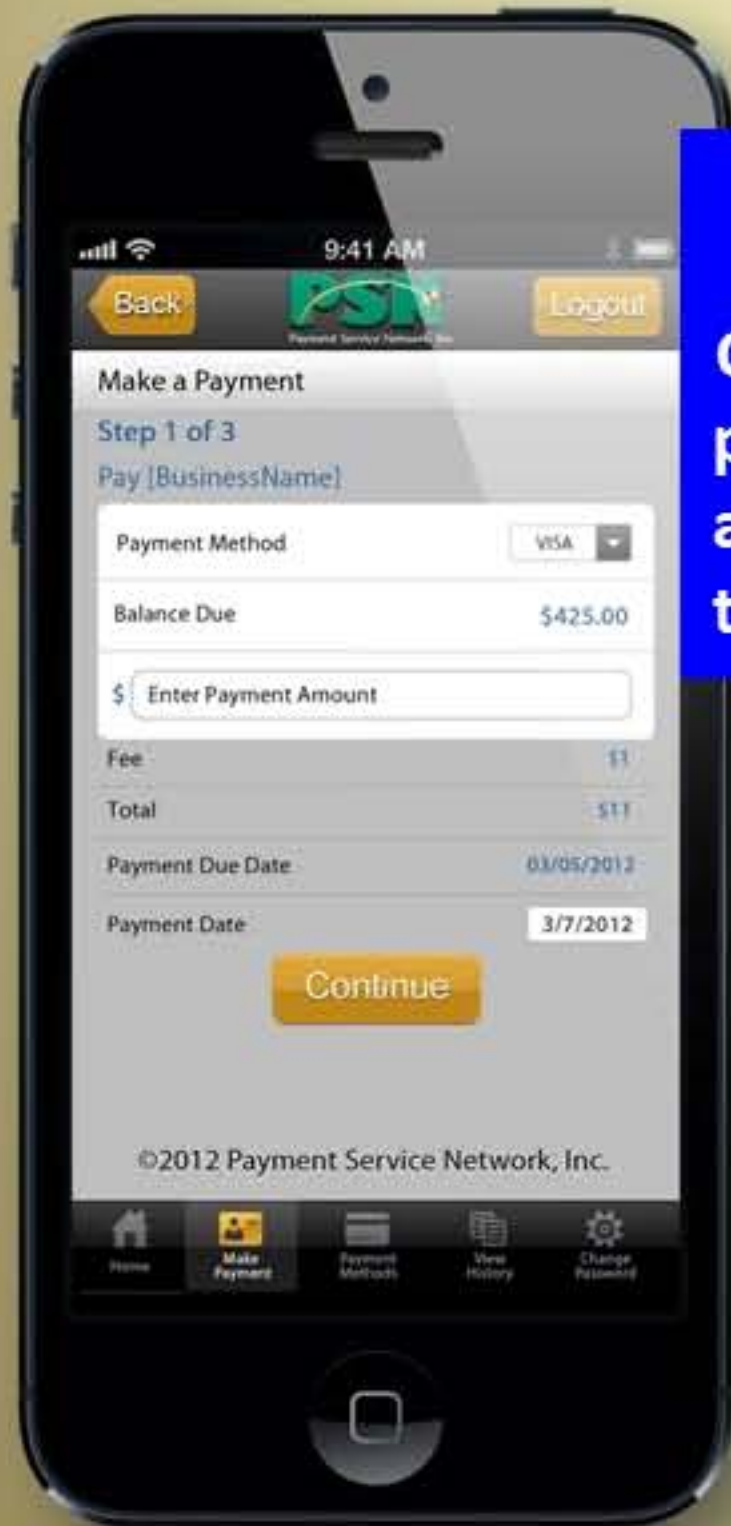

- Pay
- View Payments Made
- Change payment method (checking, credit card)
